# MOVE FROM PARIS TO BORDEAUX

PARIS, Thursday Sept. 3.—A proclamation has just been issued by the government announcing that the government departments will be transferred temporarily to Bordeaux.

The proclamation was issued by the minister of the interior, who said the decision had been taken solely upon the demand of the military authorities because the fortified places of Paris, while not necessarily likely to be attacked. would become the pivot of the field operations of the two armies. The building of supplementary defense work is proceeding vigorously. Several gates of Paris were closed to traffic last night.
